

### **Bike Safety**

**Your AVA Board is aware of problems that have arisen with the shared use of Cresta Road by automobiles and bicycles. We are working to develop new strategies to prevent any accidents. Initially, the blind curves on Cresta Road have been double striped to remind both autos and bicycles to stay in their own lane. If you are bicycling or driving on Cresta please control your speed on the downhills and be extra careful to stay in the appropriate lane.**

### **Pool**

**The pool is scheduled to open July 1<sup>st</sup>. It will be a structured environment with safety as the priority. Initial use and offerings will be limited and will adhere to social distancing protocols. Specific policies and procedures will be communicated via an email blast in the next couple of days.**

### **Sunday Fun Day**

***CANCELED.***

### **Fourth of July Parade**

**Decorate your bikes, strollers and golf carts in celebration of The USA on Saturday, July 4<sup>th</sup> from 10:00 a.m. to 11:00 am. Walk or ride to Arrowhead Drive. There is no start or finish line for social distancing reasons. We will parade west on Arrowhead Drive to the far west gate. We encourage homeowners along Arrowhead Drive**

to decorate their yards. Prizes will be awarded for most patriotic, creative and funniest designs.

### **Fourth of July Celebration**

As a reminder, the annual Fourth of July celebration has been cancelled due to financial constraints and social distancing and crowd size requirements. As the summer progresses, we hope to plan some social events that will respect the County guidelines.

### **Arrowhead Media, Communications and Directory**

We have a new Webmaster for our Arrowhead at Vail website and changes and updates are forthcoming. The AVA Strategic Planning Committee has developed new Mission and Vision Statements for Arrowhead which can be found on our website. The website also has links for the neighborhood Directory access. Registration to access the directory is necessary for privacy purposes, and that registration is ongoing. Please see <https://arrowheadatvail.net/> for Directory registration as well as information about our neighborhood. We also are developing a media presence through both Facebook and Instagram. Check it out!

### **Nominating Committee**

It is time to begin thinking about nominations for new Board Members that will be elected at our December Annual Meeting. These individuals will be serving for a 3 year term beginning January 2021. Anyone interested in serving on the Board, please contact Diane Loosbrock at [diloos@aol.com](mailto:diloos@aol.com). Those with a business background are especially encouraged to apply.

### **Hiking**

The following is a report on the Ute Trail prepared by the hiking committee:

- **Hike Name: Ute Trail-Ute Spur**
- **Arrowbahn Base: East Side, Trail is marked**
- **Round Trip Mileage: 5.5 miles**
- **Approximate Time: 3-3.5 hrs at 1.7- 2 mile an hour pace**
- **Elevation Gain: 1000 feet Difficulty Level: Moderate**
- **Caution: The trail is very popular with mountain bikers.**
- **Beware and share the trail.**

**Hike Description: The Ute Trail begins with a series of switchbacks in full sun with a western view of the valley and Red and White Mountain. The middle third of the trail is through aspen groves offering much appreciated shade. At approximately 2 miles the Ute Spur is visible from a small meadow and there is a trail marker showing the direction of the Trail. Continue straight on the main Ute Trail approximately another 0.5 mile until it reaches the ski slope Little Brave. If you welcome the sun, stop here for a short break before descending. Begin the descent on the same Ute Trail. On the return, take the trail to the left at the meadow to begin the Ute Spur Trail. A series of wide switch backs once again offer views down valley as well as views of the Arrowhead ski slopes. After passing through a shaded aspen grove the trail emerges on to the lower portion of Little Brave connecting to Piece of Cake taking you back to the Arrowhead base area.**

**Thinking about heading out to hike with others? Concerned about transportation to the trailheads? Vail Club 50, in consultation with Eagle County Public Health, suggests the following guidelines for safer carpooling. Thanks to Vail Club 50 for allowing us to share the guidelines.**

- **In traveling to trailheads, no more than 2 people in a 4-passenger vehicle (i.e., Jeep Wrangler), 3 people in a 5-passenger vehicle (i.e., Subaru Outback), and no more than 4 people in a 7-8 passenger vehicle (i.e., Chevrolet Suburban).**

- Carry and use hand sanitizer after touching any common or high-touch surfaces.
- Keep windows cracked to ensure proper ventilation.
- Wear face coverings while in the car.
- Avoid bodily contact during transport (no handshakes, arm assists to and from the car, etc.)
- Carry and handle your own equipment such as backpacks, camelbacks and hiking poles.

### Tennis News

We are so happy to be able to announce that we will be one of the first in the Valley to have our Tennis, Pickleball and Junior Programs up and running. However, this year will look a little different than in the past to preserve the health and safety of our staff and participants. Please keep in mind that this is a fluid situation and our hope is that we can expand our program as health and safety recommendations allow.
