

# How Do You Toss Out the Trash?

## Trash & Recycling Service

Contact Vail Honeywagon at 970-476-3511

Your regular trash and recycling service, provided by Vail Honeywagon, is included in your AVA annual dues. Collection of anything extra (items outside of your trash container, additional containers, and additional pickups) requires a work order with Vail Honeywagon and incurs additional fees. To request a work order and arrange for payment contact Vail Honeywagon.

Trash containers in Arrowhead are required to be bear proof. Vail Honeywagon will provide one trash and one recycling container for your residence.

Trash is collected every week on Tuesday, recycling is collected every other week on Tuesday. Please place your containers at the curb by 7:30am on Tuesdays and then put your containers away by sundown that same day. Contact Vail Honeywagon to arrange for trash and recycling day reminder texts.

The way we recycle matters. Recycling details are below this page and on the Vail Honeywagon website [vailhoneywagon.com](http://vailhoneywagon.com).

## Community Garbage Dumpsters

Contact Vail Honeywagon at 970-476-3511

Several community dumpsters are available for limited homeowner use. You will find them at the maintenance facility next to the east gate into Arrowhead. These dumpsters are convenient when you are leaving town and want to get rid of one last bag of trash. Please be respectful and use only when necessary, so that we don't lose the privilege of having these available.

Direct any questions regarding disposing of large items and large amounts of trash to Vail Honeywagon.
