## INDEPENDENT AUDITOR'S REPORT

**To the Board of Directors  
Arrowhead Metropolitan District**

### **Report on the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities and each major fund of Arrowhead Metropolitan District (the "District"), as of and for the year ended December 31, 2021, which collectively comprise the District's basic financial statements as listed in the Table of Contents, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of December 31, 2021 and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year after the date that the financial statements are issued.

**INDEPENDENT AUDITORS REPORT**  
**To the Board of Directors**  
**Arrowhead Metropolitan District**

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis in Section B be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison information in section E is not a required part of the basic financial statements but is supplementary information required by U.S. GAAP. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**To the Board of Directors  
Arrowhead Metropolitan District**

**Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The individual fund budgetary comparisons, Schedule of Bond Obligations and Interest Requirements to Maturity, and Summary of Assessed Valuation, Mill Levy and Property Tax Collections, found in Section F, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The items found in Section F are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

ARROWHEAD METROPOLITAN DISTRICT  
MANAGEMENT DISCUSSION AND ANALYSIS  
December 31, 2021

This management's discussion and analysis of the Arrowhead Metropolitan District's financial statements provides an overview of the District's financial activities for the fiscal year ended December 31, 2021. The intent of this discussion and analysis is to look at the District's financial performance as a whole; it should be read in conjunction with the basic financial statements and notes to enhance the reader's understanding of the District's overall financial performance.

#### USING THE BASIC FINANCIAL STATEMENTS

This annual report consists of three parts – *management's discussion and analysis* (this section), the *basic financial statements*, and *required supplementary information*. The basic financial statements include two types of information on the same statement that present different views of the District:

- *Government-wide financial statements* that provide both *long-term* and *short-term* information about the District's *overall* financial status.
- *Fund financial statements* that focus on *individual parts* of the District government, reporting the District's operations *in more detail* than the government-wide statements.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. Additional supplemental information has also been included to enhance the reader's understanding of the financial statements.

#### ***Government-wide Statements***

The government-wide statements consist of the Statement of Net position and the Statement of Activities. These statements report information about the District as a whole and include *all* assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's *net position* and changes in them. The District's net position—the difference between assets, deferred outflows, liabilities and deferred inflows— is one way to measure the District's financial health, or *financial position*. Over time, *increases or decreases* in the District's net position is one indicator of whether its *financial health* is improving or deteriorating. Other non-financial factors, however, such as changes in the District's property tax base and the condition of the infrastructure, are needed to assess the *overall health* of the District.

#### ***Fund Financial Statements***

The fund financial statements provide more detailed information about the District's *funds*, focusing on its most significant funds – not the District as a whole. The District's major governmental funds include the General Fund and the Debt Service Fund. Unlike government-wide financial statements, the focus of the fund financial statements is directed to specific activities of the District rather than the District as a whole. Except for the General Fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties or governmental statutes or regulations.

*Governmental funds* – The District's activity is reported as a governmental fund, which focuses on how money flows into and out of those funds and the balances left at year-end that are available for spending in future periods. The funds are reported using an accounting method called *modified accrual* accounting,

ARROWHEAD METROPOLITAN DISTRICT  
MANAGEMENT DISCUSSION AND ANALYSIS  
December 31, 2021

which measures cash and all other *financial* assets that can readily be converted to cash. The governmental fund financial statements provide a detailed *short-term view* of the District's general government operations and the basic services it provides. Governmental fund information helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental *activities* (reported in the Statement of Net position and the Statement of Activities) and governmental *funds* is provided in reconciliations following the fund financial statements.

**THE DISTRICT AS A WHOLE**

***Statement of Net Position***

The perspective of the Statement of Net Position is of the District as a whole. Following is a summary of the District's net position for the fiscal years 2021 and 2020.

	<u>2021</u>	<u>2020</u>
<u>Assets and Deferred Outflows:</u>		
Current and Other Assets	\$4,920,328	\$4,614,723
Capital Assets, Net	13,962,023	14,285,682
Deferred charge on refunding	378,336	453,549
Total Assets and Deferred Outflows	19,260,687	19,353,954
<u>Liabilities:</u>		
Current Liabilities	114,792	115,890
Long-Term Obligations:		
Due within One Year	845,000	815,000
Due in More Than One Year	8,675,000	9,539,419
Total Liabilities	9,634,792	10,470,309
<u>Deferred Inflows:</u>		
Unavailable Property Taxes	1,812,321	1,979,839
Deferred Gain of Refunding	70,810	13,367
Total Deferred Inflows of Revenue	1,883,131	1,993,206
<u>Net Position:</u>		
Net Investment in Capital Assets, net of related debt	4,442,023	3,931,263
Restricted for Emergencies	48,610	33,797
Restricted for Debt Service	43,867	37,820
Unrestricted	3,208,264	2,887,559
Total Net Position	\$7,742,764	\$6,890,439

The District's primary assets are the capital assets which have been financed with bonds. Net position of the District increased by \$852,325 in 2021, due to increased revenue from sales tax and repayment of the District's bond debt more rapidly than the acquired assets are being depreciated.

ARROWHEAD METROPOLITAN DISTRICT  
MANAGEMENT DISCUSSION AND ANALYSIS  
December 31, 2021

***Statement of Activities***

The perspective of the Statement of Activities is of the District as a whole. The Statement of Activities reflects the cost of program services and the charges for services and sales, grants and contributions offsetting the cost of the services. The following detail reflects the total cost of services supported by program revenues and general property taxes, as well as other general revenues, resulting in the overall change in net position for the fiscal years 2021 and 2020.

	<u>2021</u>	<u>2020</u>
<u>Revenues:</u>		
General Revenues:		
Taxes	\$2,865,431	\$2,275,489
Interest Income	22,980	39,674
Other Miscellaneous	53,705	55,762
Program Revenues:		
Charges for Services		
Total Revenues	2,942,116	2,370,925
<u>Program Expenses:</u>		
General Government	171,118	182,180
Public Works	1,291,380	682,428
Transportation	262,435	479,117
Interest on Long-Term Debt	364,858	356,316
Total Expenses	2,089,791	1,700,041
Change in Net Position	852,325	670,884
Net position– beginning of year	6,890,439	6,219,555
Net position– end of year	\$7,742,764	\$6,890,439

The District’s primary source of revenues is property taxes. The District implemented a 5.0% sales tax on July 1, 2021 on sales of tangible personal property and short term rentals of less than 30 days within Arrowhead. These revenues are used to pay the cost of operating and maintaining the District as well as to pay the District’s debt service obligations. The District operated at a surplus in both 2021 and 2020 and the operating surplus has been used to pay a portion of the principal on the District’s bond debt as well as accelerate road maintenance and fund improvements.

**THE DISTRICT’S FUNDS**

The fund level financial statements focus on how services were financed in the short-term as well as what remains for future spending. The fund level financial statements are reported on the modified accrual basis of accounting.

ARROWHEAD METROPOLITAN DISTRICT  
MANAGEMENT DISCUSSION AND ANALYSIS  
December 31, 2021

At the fund level, under the modified accrual basis of accounting, depreciable assets and their related depreciation expense are not reflected as they are not a current period financial resource or use. In addition, at the fund level, inflows from operating loans are presented as a revenue item while outflows for capital outlay and debt service payments are presented as an expenditure item, as these items represent current period financial resources and uses.

The General Fund ending fund balance increased from \$2,507,160 to \$2,967,867 during the fiscal year ended December 31, 2021. This is mainly due to operating at a surplus for the year resulting from sales tax receipts and the District not needing to spend funds budgeted for contingencies.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

The General Fund budget comparison is reflected on page E1 of this report. It shows that during 2021 the District earned \$408,491 more in revenues than budgeted, mostly due to more sales tax being collected as compared to budgeted. The District did not expend all the funds budgeted for operating contingency, capital expenditures, and transportation due to challenges related to the Covid-19 pandemic recovery. Overall the District spent \$296,403 less than was budgeted in the General Fund.

**DEBT SERVICE FUND BUDGETARY HIGHLIGHTS**

The Debt Service Fund budget comparison is reflected on page F1 of this report. The comparison shows no significant budget variances in the Debt Service Fund.

**CAPITAL ASSETS**

At the beginning of 2021, the District had a total of \$22,809,592 invested in capital assets. During 2021, the District invested an additional \$163,813 in capital assets before accumulated depreciation, bringing the total to \$22,973,405. The detailed capital asset categories can be seen in *Note III (B), Capital Assets* on page D10 of this report.

**DEBT ADMINISTRATION**

The District issued \$1,650,000 General Obligation Refunding Bonds in December of 2021 for the purpose of refunding the outstanding General Obligation Refunding Bonds, Series 2011 resulting in a net present value economic gain of \$100,912 over the life of the Bonds. The District paid down the outstanding balance of its long-term debt by \$2,484,419 (primarily using the proceeds of the refunding bonds) during 2021 resulting in an outstanding balance of \$9,520,000 at December 31, 2021. See *Note 4III (C) – Long-term Debt* on page D10 through D12 of this report for a detail of the terms and the annual requirements to amortize the District’s long-term debt.

**CONTACTING THE DISTRICT’S FINANCIAL MANAGEMENT**

This financial report is designed to provide our residents, customers, taxpayers, investors, and creditors with a general overview of the District’s finances and to show the District’s accountability for the money it receives. If you have any questions regarding this report or need additional financial information, please contact the Arrowhead Metropolitan District Manager, c/o Marchetti & Weaver, LLC., 28 2<sup>nd</sup> St Unit 213, Edwards, CO 81632, Telephone (970) 926-6060, email: [admin@mwcpaa.com](mailto:admin@mwcpaa.com).

**Arrowhead Metropolitan District  
Reconciliation of the Balance Sheet of Governmental Funds  
to the Statement of Net Position  
December 31, 2021**

**Governmental Funds Total Fund Balance** 3,011,734

Capital assets used in governmental activities are not considered current financial resources and, therefore, are not reported in the funds. Details of these amounts are as follows:

Capital assets	22,973,405	
Accumulated depreciation	<u>(9,011,382)</u>	13,962,023

Deferred outflows are not available for current period expenditures and therefore, are not reported in the funds. This represents the District's deferred charges on refunding. 378,336

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds. This is the amount of District long-term liabilities. Details of these amounts are as follows:

Bonds payable	(9,520,000)	
Accrued interest payable	<u>(18,519)</u>	(9,538,519)

Deferred inflows are not available for current period revenues and therefore, are not reported in the funds. This represents the District's deferred gain on refunding. (70,810)

The accompanying notes are an integral part of these financial statements.

**Arrowhead Metropolitan District**  
**Reconciliation of the Statement of Revenues, Expenditures, and**  
**Changes in Fund Balances of Governmental Funds to the**  
**Statement of Activities**  
**For the Year Ended December 31, 2021**

**Net change in fund balances for total governmental funds** 470,777

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of the assets is allocated over their estimated useful lives as depreciation expense. This is the net difference between depreciation and capital additions during the year. Details of these differences are as follows:

Capital additions	163,813	
Depreciation expense	<u>(487,472)</u>	(323,659)

The repayment of the principal of long-term debt consumes current financial resources of governmental funds. This transaction, however, has no effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal repayments - Bonds payable	815,000	
Payments to refunding escrow agent	1,610,000

**NOTES TO THE FINANCIAL STATEMENTS**

**Arrowhead Metropolitan District  
Notes to the Financial Statements  
December 31, 2021**

**I. Summary of Significant Accounting Policies**

Arrowhead Metro District (the "District") was organized on November 17, 1981 as a quasi-municipal corporation and is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in Eagle County, Colorado. The District was established to be able to provide water, recreation, transportation, fire protection, roads, drainage, and television services. Fire protection services are provided by the Eagle River Fire Protection District. Water services are provided by the Upper Eagle Regional Water Authority. The District has no employees and all operations and administrative functions are contracted.

The District's financial statements are prepared in accordance with generally accepted accounting principles ("GAAP"). The Governmental Accounting Standards Board ("GASB") is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established by GAAP used by the District are discussed below.

**A. Reporting Entity**

The reporting entity consists of (a) the primary government; i.e., the District, and (b) organizations for which the District is financially accountable. The District is considered financially accountable for legally separate organizations if it is able to appoint a voting majority of an organization's governing body and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits, to, or to impose specific financial burdens on, the District. Consideration is also given to other organizations which are fiscally dependent; i.e., unable to adopt a budget, levy taxes, or issue debt without approval by the District. Organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete are also included in the reporting entity.

Based on the criteria discussed above, the District is not financially accountable for any other entity, nor is the District a component unit of any other government.

**B. Government-wide and Fund Financial Statements**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental type.

**1. Government-wide Financial Statements**

In the government-wide Statement of Net Position, all balances are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations.

The government-wide focus is on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

**Arrowhead Metropolitan District**  
**Notes to the Financial Statements**  
**December 31, 2021**  
**(Continued)**

**I. Summary of Significant Accounting Policies (continued)**

**B. Government-wide and Fund Financial Statements (continued)**

**2. Fund Financial Statements**

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The fund focus is on current available resources and budget compliance.

The District reports the following governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund.

The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

Measurement focus refers to whether financial statements measure changes in current resources only (current financial focus) or changes in both current and long-term resources (long-term economic focus). Basis of accounting refers to the point at which revenues, expenditures, or expenses are recognized in the accounts and reported in the financial statements. Financial statement presentation refers to classification of revenues by source and expenses by function.

**1. Long-term Economic Focus and Accrual Basis**

Governmental activities in the government-wide financial statements use the long-term economic focus and are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of the related cash flows.

**2. Current Financial Focus and Modified Accrual Basis**

The governmental fund financial statements use the current financial focus and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter (60 days) to be used to pay liabilities of the current period. Expenditures are generally recognized when the related liability is incurred. The exception to this general rule is that principal and interest on general long-term debt, if any, is recognized when due.

**Arrowhead Metropolitan District**  
**Notes to the Financial Statements**  
**December 31, 2021**  
**(Continued)**

**I. Summary of Significant Accounting Policies (continued)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)**

**3. Financial Statement Presentation**

Amounts reported as program revenues include capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes and interest income.

**D. Financial Statement Accounts**

**1. Cash and Cash Equivalents**

Cash and equivalents are defined as deposits that can be withdrawn at any time without notice or penalty and investments with maturities of three months or less.

Investments are stated at net asset value. The change in fair value of investments is recognized as an increase or decrease to investment assets and investment income. The District's investment policy is detailed in note III.A.

**2. Receivables**

Receivables are reported net of an allowance for uncollectible accounts. There was no allowance as of December 31, 2021.

**3. Property Taxes**

Property taxes are assessed in one year as a lien on the property, but not collected by governmental units until the subsequent year. In accordance with GAAP, the assessed but uncollected property taxes have been recorded as a receivable and as deferred inflow of resources.

**4. Sales Taxes**

Beginning July 1, 2020, sales taxes are collected on applicable sales within the District. Sales taxes are to be used for financing, constructing, operating and maintaining streets, transportation, and safety protection improvements.

**5. Long-term Debt**

In the government-wide financial statements, long-term debt is reported as a liability. Bond premiums and discounts are deferred and amortized over the life of the bonds using the bonds outstanding method. Bonds payable are reported net of the applicable bond premium or discount.

**6. Capital Assets**

Capital assets, which include land, buildings, equipment, vehicles, and infrastructure assets, are reported in the governmental activity columns in the government-wide financial statements. The District defines capital assets as assets with an initial cost of \$5,000 or more and an estimated useful life in excess of five years. Such assets are recorded at historical cost. Donated capital assets are recorded at estimated fair value at the date of donation.

**Arrowhead Metropolitan District**  
**Notes to the Financial Statements**  
**December 31, 2021**  
**(Continued)**

**I. Summary of Significant Accounting Policies (continued)**

**D. Financial Statement Accounts (continued)**

**6. Capital Assets (continued)**

Infrastructure, buildings, and equipment are depreciated using the straight-line method over the following estimated useful lives:

<b>Assets</b>	<b>Years</b>
Roads and landscaping	20-40
Parking lot improvements	15-40
Equipment and vehicles	5-10

**7. Deferred Outflows and Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District reports deferred bond refunding charges as a deferred outflow of resources on its Statement of Net Position as the difference between the reacquisition price and the net carrying amount of the defeased debt. The deferred charge is amortized over the life of the refunding bonds, the amortization is included in interest expense.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District reports deferred bond refunding gains as a deferred inflow of resources on its Statement of Net Position as the difference between the reacquisition price and the net carrying amount of the defeased debt. The deferred gain is amortized over the life of the refunding bonds, the amortization reduces interest expense. Unavailable property tax revenue is deferred and recognized as an inflow of resources in the period that the amounts become available and earned.

**8. Fund Balance**

The District classifies governmental fund balances as follows:

*Nonspendable* - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

*Restricted* – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

*Committed* – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority which is the Board of Directors.

**Arrowhead Metropolitan District**  
**Notes to the Financial Statements**  
**December 31, 2021**  
**(Continued)**

**I. Summary of Significant Accounting Policies (continued)**

**D. Financial Statement Accounts (continued)**

**8. Fund Balance (continued)**

*Assigned* – includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Board of Directors or its management designee.

*Unassigned* - includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The District uses restricted amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the District first uses committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The District does not have a formal minimum fund balance policy. However, the District's budget includes a calculation of targeted reserve positions and management reports the targeted amounts annually to Board of Directors.

**E. Use of Estimates**

The preparation of financial statements in conformity with GAAP requires the District's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

**II. Stewardship, Compliance, and Accountability**

**A. Budgetary Information**

In the fall of each year, the District's Board of Directors formally adopts a budget with appropriations by fund for the ensuing year pursuant to the Local Government Budget Law of Colorado. The budgets for the funds are adopted on a basis consistent with generally accepted accounting principles ("GAAP").

As required by Colorado statutes, the District followed the following timetable in approving and enacting a budget for 2021:

- (1) For the 2021 budget year, prior to August 25, 2020, the County Assessor sent to the District the certified assessed valuation of all taxable property within the District's boundaries and prior to December 10, 2020, the County Assessor sent the final recertified assessed valuation to the District.
- (2) On or before October 15, 2020, the District's accountant submitted to the District's Board of Directors a recommended budget which detailed the necessary property taxes needed along with other available revenues to meet the District's operating requirements.

**Arrowhead Metropolitan District**  
**Notes to the Financial Statements**  
**December 31, 2021**  
**(Continued)**

**II. Stewardship, Compliance, and Accountability (continued)**

**A. Budgetary Information (continued)**

- (3) A public hearing on the proposed budget and capital program was held by the Board no later than 45 days prior to the close of the fiscal year.
- (4) For the 2021 budget, prior to December 15, 2020, the District computed and certified to the County Commissioners a rate of levy that derived the necessary property taxes as computed in the proposed budget.
- (5) For the 2021 budget, the final budget and appropriating resolution was adopted prior to December 31, 2020.

After adoption of the budget resolution, the District may make the following changes: a) it may transfer appropriated monies between funds or between spending agencies within a fund, as determined by the original appropriation level; b) it may approve supplemental appropriations to the extent of revenues in excess of the estimated in the budget; c) it may approve emergency appropriations; and d) it may reduce appropriations for which originally estimated revenues are insufficient.

Taxes levied in one year are collected in the succeeding year. Thus, taxes certified in 2020 were collected in 2021 and taxes certified in 2021 will be collected in 2022. Taxes are due on January 1<sup>st</sup> in the year of collection; however, they may be paid in either one installment (no later than April 30<sup>th</sup>) or two equal installments (not later than February 28<sup>th</sup> and June 15<sup>th</sup>) without interest or penalty. Taxes which are not paid within the prescribed time bear interest at the rate of one percent (1%) per month until paid. Unpaid amounts and the accrued interest thereon become delinquent on June 15<sup>th</sup>.

The level of control in the budget at which expenditures exceed appropriations is at the fund level. All appropriations lapse at year end.

**B. TABOR Amendment**

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights ("TABOR"). TABOR contains revenue, spending, tax and debt limitations that apply to the State of Colorado and local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government. Any revenues earned in excess of the fiscal year spending limit must be refunded in the next fiscal year, unless voters approve retention of such excess revenue.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

TABOR also requires local governments to establish an emergency reserve to be used for declared emergencies only. The reserve is calculated at 3% of fiscal year spending. Fiscal year spending excludes bonded debt service and enterprise spending. The District has reserved \$48,610, which is the approximate required reserve, at December 31, 2021.

On November 8, 1994, the voters of the District authorized the issuance of \$1,130,000 in debt and approved up to \$125,518 in tax revenue annually to pay such debt.

**Arrowhead Metropolitan District**  
**Notes to the Financial Statements**  
**December 31, 2021**  
**(Continued)**

**II. Stewardship, Compliance, and Accountability (continued)**

**B. TABOR Amendment (continued)**

On May 7, 1996, the voters of the District authorized the issuance of \$6,620,000 in debt and approved up to \$697,000 in tax revenue annually to pay such debt.

On May 5, 1998, the voters authorized property taxes to be increased up to \$800,000 in 1999 and by whatever additional amounts are raised annually thereafter from an increase in the District's property tax levy for operating purposes of an additional 17.0 mills increasing the total operating tax levy to 18.0 mills, all with the present expectation that the debt service mill levy will decrease by an amount equal to the operating mill levy increase so as to maintain the current total mill levy of 28.8 mills.

Also, on May 5, 1998, the voters authorized the District to collect, retain, and spend all revenue and other funds collected in 1998 and any year thereafter without regard to any limitations under TABOR.

On November 4, 2008, the voters authorized the issuance of \$9,500,000 in debt and approved up to \$980,000 in tax revenue annually to pay such debt.

On November 5, 2019, the District voters authorized sales taxes be increased by up to \$850,000 in the first full fiscal year and by whatever additional amounts are raised annually thereafter by the imposition of a sales tax beginning July 1, 2020, at an initial rate of 5.0% which rate the Board of Directors may adjust down and up annually within a cap of 5.0%.

The District's management believes it is in compliance with the financial provisions of TABOR.

**C. Gallagher Amendment**

The Gallagher Amendment requires 45% of property tax collected to come from residential property, and 55% to come from commercial property. Further, the Amendment requires that the commercial assessment rate applied to actual values be fixed at 29% with the residential assessment rate ("RAR") to be adjusted to hold the 45/55 split constant. Because of the increase in residential property values, the RAR has historically trended downward, which, in combination with TABOR's set mill levy rate, may limit the amount of property taxes the District can generate annually.

In November 2020, Colorado voters repealed the Gallagher Amendment.

**D. Authorized But Unissued Debt**

In November 2008, the District's voters authorized the issuance of up to \$9,500,000 of debt for the acquisition and improvement of parking lot facilities. During 2009, the District issued bonds in the amount of \$9,020,000 pursuant to this authorization and has \$480,000 in remaining authorized but unissued indebtedness as of December 31, 2021.

**Arrowhead Metropolitan District  
Notes to the Financial Statements  
December 31, 2021  
(Continued)**

**III. Detailed Notes on all Funds**

**A. Deposits and Investments**

The District's deposits are entirely covered by federal depository insurance ("FDIC") or by collateral held under Colorado's Public Deposit Protection Act ("PDPA"). The FDIC insures the first \$250,000 of the District's deposits at each financial institution. Deposit balances over \$250,000 are collateralized as required by PDPA. The carrying amount of the District's demand deposits was \$103,967 at year end.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments, and entities such as the District, may invest which include:

- Obligations of the United States and certain U.S. government agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market mutual funds
- Guaranteed investment contract
- Local government investment pools

*Interest Rate Risk.* As a means of limiting its exposure to interest rate risk, the District diversifies its investments by security type and institution, and limits holdings in any one type of investment with any one issuer and type of issuer. The District coordinates its investment maturities to closely match cash flow needs and restricts the maximum investment term to less than five years (less in some cases) from the purchase date. As a result of the limited length of maturities the District has limited its interest rate risk.

*Credit Risk.* District investment policy limits investments to those authorized by State statutes. The District's general investment policy is to apply the prudent-person rule: investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments.

*Concentration of Credit Risk.* The District diversifies its investments by security type and institution. Financial institutions holding District funds must provide the District a copy of the certificate from the Banking Authority that states that the institution is an eligible public depository.

At year end, the District had the following deposits and investments with the following maturities:

	Standard & Poors Rating	Carrying Amounts	Term to Maturity	
			Less than one year	More than one year
<i>Deposits:</i>				
Checking and savings	Not rated	\$ 103,967	103,967	-
<i>Investments:</i>				
Certificates of deposit	Not rated	1,470,000	241,000	1,229,000
Investment pool	AAAm	1,280,006	1,280,006	-
		<u>\$ 2,853,973</u>	<u>1,624,973</u>	<u>1,229,000</u>

**Arrowhead Metropolitan District  
Notes to the Financial Statements  
December 31, 2021  
(Continued)**

**III. Detailed Notes on all Funds (continued)**

**A. Deposits and Investments (continued)**

At December 31, 2021, the District had the following recurring fair value measurements.

<u>Investments Measured at Fair Value</u>	<u>Total</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Certificates of deposit	\$ 1,470,000	-	1,470,000	-
Total	<u>\$ 1,470,000</u>	<u>-</u>	<u>1,470,000</u>	<u>-</u>

<u>Investments Measured at Net Asset Value</u>	<u>Total</u>
Colotrust	\$ 1,280,006
	<u>\$ 1,280,006</u>

*Fair Value of Investments.* The District measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- *Level 1:* Quoted prices for identical investments in active markets;
- *Level 2:* Observable inputs other than quoted market prices; and,
- *Level 3:* Unobservable inputs.

Investments classified in Level 1 are valued using prices quoted in active markets for those securities. Investments classified in Level 2 are valued using the following approaches:

- U.S. Treasuries, U.S. Agencies, and Commercial Paper: quoted prices for identical securities in markets that are not active;
- Repurchase Agreements, Negotiable Certificates of Deposit, and Collateralized Debt Obligations: matrix pricing based on the securities' relationship to benchmark quoted prices;
- Money Market, Bond, and Equity Mutual Funds: published fair value per share (unit) for each fund.

The Investment Pool represents investments in COLOTRUST. The net asset value of the pool is determined by the pool's share price. The District has no regulatory oversight for the pool. At December 31, 2021, the District's investments in COLOTRUST were 47% of the District's investment portfolio and certificates of deposit were 53% of the investment portfolio.

The District had invested \$1,280,006 in the Colorado Local Government Liquid Asset Trust (the "Trust"). The Trust is an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund, measured at net asset value, and each share is equal in value to \$1.00. Investments consist of U.S. Treasury bills, notes and note strips and repurchase agreements collateralized by U.S. Treasury securities. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned are held by the Federal Reserve Bank in the account maintained for the custodial bank.

**Arrowhead Metropolitan District**  
**Notes to the Financial Statements**  
**December 31, 2021**  
**(Continued)**

**III. Detailed Notes on all Funds (continued)**

**B. Capital Assets**

An analysis of the changes in capital assets for the year ended December 31, 2021, follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Non-depreciable assets:				
Land - parking lot	\$ 7,500,000	-	-	7,500,000
Water rights	294,817	-	-	294,817
Construction in progress	30,730	163,813	-	194,543
Depreciable assets:				
Equipment and vehicles	636,298	-	-	636,298
Parking lot improvements	1,354,609	-	-	1,354,609
Roads and landscaping	12,993,138	-	-	12,993,138
Total capital assets	<u>22,809,592</u>	<u>163,813</u>	<u>-</u>	<u>22,973,405</u>
Less accumulated depreciation for:				
Equipment and vehicles	(433,265)	(58,699)	-	(491,964)
Parking lot improvements	(562,645)	(29,914)	-	(592,559)
Roads and landscaping	(7,528,000)	(398,859)	-	(7,926,859)
Total accumulated depreciation	<u>(8,523,910)</u>	<u>(487,472)</u>	<u>-</u>	<u>(9,011,382)</u>
<b>Net Capital Assets</b>	<u>\$ 14,285,682</u>	<u>(323,659)</u>	<u>-</u>	<u>13,962,023</u>

Depreciation expense of \$451,308 was charged to the public works function and \$36,164 was charged to the transportation function for a total 2021 depreciation expense of \$487,472.

**C. Long-term Debt**

The District had the following long-term debt outstanding during the fiscal year:

**1. General Obligation Refunding Bonds, Series 2011**

\$4,315,000 General Obligation Refunding Bonds, Series 2011, dated December 1, 2011, with interest of 3.625% to 4.1% payable semiannually on June 1 and December 1 of each year. The bonds maturing on or after December 1, 2021, are subject to redemption prior to maturity at the option of the District, in whole or in part, in any order determined by the District and by lot within maturity, at any time on and after December 1, 2021, at a redemption price equal to 100% of the principal amount to be redeemed, without premium, plus interest accrued at the date of redemption.

The bonds were issued for the purpose of refunding \$4,310,000 of the District's General Obligation Refunding Bonds, Series 2001. The District completed the refunding to level and extend its annual debt service payments which will enable the District to maintain a lower annual debt service mill levy rate.

The District also obtained an economic gain (difference between the present values of the old and new debt service payments) of \$211,940 on the refunding.

**Arrowhead Metropolitan District**  
**Notes to the Financial Statements**  
**December 31, 2021**  
**(Continued)**

**III. Detailed Notes on all Funds (continued)**

**C. Long-term Debt (continued)**

**1. General Obligation Refunding Bonds, Series 2011 (continued)**

The bonds were fully refunded in 2021 through the issuance of the General Obligation Refunding Bonds, Series 2019. As a result, the bonds are considered to be defeased and have been removed from the financial statements.

**2. General Obligation Refunding Bonds, Series 2017**

\$8,385,000 General Obligation Refunding Bonds, Series 2017, dated January 18, 2017, with interest of 2.29% payable semiannually on June 1 and December 1 of each year. The bonds are subject to Mandatory Sinking Fund Redemption prior to maturity in part, by lot, upon payment of par and accrued interest, at a redemption price not to exceed 100% of principal amount redeemed, on December 1 each year until final maturity December 1, 2031.

The bonds were issued for the purpose of refunding \$7,570,000 of the District's General Obligation Refunding Bonds, Series 2009, and to pay the cost of issuing the bonds. The proceeds were deposited with an escrow agent to provide for future debt service payments on the refunded Series 2009 bonds.

The District also obtained an economic gain (difference between the present values of the old and new debt service payments) of \$600,154 on the refunding.

**3. General Obligation Refunding Bonds, Series 2019**

\$2,030,000 General Obligation Refunding Bonds, Series 2019, dated December 9, 2019, with interest of 2.41% payable semiannually on June 1 and December 1 of each year. The bonds are subject to Mandatory Sinking Fund Redemption, prior to maturity, in part, at a price of par, plus accrued interest to the redemption date, on December 1 each year until final maturity December 1, 2032.

The bonds were issued for the purpose of refunding \$1,985,000 of the District's General Obligation Refunding Bonds, Series 2009, and to pay the cost of issuing the bonds. The proceeds were deposited with an escrow agent to pay the accrued interest and outstanding principal of the Series 2009 bonds.

The District also obtained an economic gain (difference between the present values of the old and new debt service payments) of \$221,196 on the refunding.

**4. General Obligation Refunding Bonds, Series 2021**

\$1,650,000 General Obligation Refunding Bonds, Series 2021, dated December 1, 2021, with interest of 2.42% payable semiannually on June 1 and December 1 of each year. The bonds are subject to Mandatory Sinking Fund Redemption, prior to maturity, in part, at a price of par, plus accrued interest to the redemption date, on December 1 each year until final maturity December 1, 2032.

**Arrowhead Metropolitan District**  
**Notes to the Financial Statements**  
**December 31, 2021**  
**(Continued)**

**III. Detailed Notes on all Funds (continued)**

**C. Long-term Debt (continued)**

**4. General Obligation Refunding Bonds, Series 2021 (continued)**

The bonds were issued for the purpose of refunding \$1,610,000 of the District's General Obligation Refunding Bonds, Series 2011, and to pay the cost of issuing the bonds. The proceeds were deposited with an escrow agent to pay the outstanding principal of the Series 2011 bonds.

The District also obtained an economic gain (difference between the present values of the old and new debt service payments) of \$100,912 on the refunding.

Annual debt service requirements to maturity for the general obligation bonds are as follows:

	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2022	\$ 845,000	222,229	1,067,229
2023	845,000	202,687	1,047,687

**IV. Other Information**

**A. Risk Management**

**Colorado Special Districts Property and Liability Pool**

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; or injuries to employees.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2014. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers compensation coverage to its members. The Pool provides coverage for property claims and liability coverage claims and workers' compensation. Settled claims have not exceeded this coverage in the past three years.

The District pays annual premiums to the Pool for liability, property, and public officials' coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the member pursuant to a distribution formula.

A summary of audited statutory basis financial information for the Pool as of and for the year ended December 31, 2020 (the latest audited information available) is as follows:

<b>Assets</b>	<u>\$ 59,612,386</u>
Liabilities	37,710,994
Capital and surplus	<u>21,901,392</u>
<b>Total</b>	<u>\$ 59,612,386</u>

**V. Intergovernmental Agreements**

**A. Upper Eagle Regional Water Authority**

The District is a participant in the Upper Eagle Regional Water Authority (the "Authority"). The Authority was formed pursuant to an establishing contract on September 18, 1984, by the following entities located in Eagle County, Colorado (the "Contracting Parties"):

Arrowhead Metropolitan District  
Town of Avon  
Beaver Creek Metropolitan District  
Berry Creek Metropolitan District  
Eagle-Vail Metropolitan District  
Edwards Metropolitan District

The purposes of the Authority are to supply water for domestic and other public and private purposes; to provide all necessary water diversion works, reservoirs, treatment works and facilities, equipment and appurtenances incident thereto; to effect the development of water resources, systems or facilities, in whole or in part, for the use and benefit of the Contracting Parties, their inhabitants, and others; and to provide efficient, effective, and reliable water service.

The Authority is to remain in effect until it has no bonds, notes or other obligations outstanding and the Contracting Parties unanimously consent to its dissolution. The initial term of this Authority Agreement shall be ten (10) years ending on December 31, 2023, but such term shall be subject to automatic renewal and extension for successive ten (10) year terms thereafter unless all of the Contracting Parties unanimously approve changes to this Authority Agreement during any extended term, to be effective on the first day of the extended term, including provision for payment of all bonds, notes and other obligations outstanding in accordance with their terms. At December 31, 2020, the Authority had debt with maturities through the year 2042.

Dissolution of the Authority requires the unanimous consent of the Contracting Parties and provision for a successor entity that will continue to provide service to the water service customers. Any provision for dissolution shall provide either that all the Authority's financial obligations be paid in full or that funds sufficient for the payment of the Authority's obligations be placed in escrow. Upon dissolution without conveyance of all water rights and assets to a successor entity, the interest in the net position of the Authority including interests in unallocated water rights shall be distributed to each contracting party in proportion to the average annual amount of treated water sold within the boundaries of each Contracting Party.

The Contracting Parties, including the District, and other parties served by contract have previously conveyed to the Authority their individual water systems, except for certain golf course water systems, raw water storage and raw water irrigation systems, subject to existing agreements between the Authority and any Contracting Party. The customers of the Contracting Parties thereby became water service customers of the Authority. The Authority shall make Rules and Regulations concerning the operation of the Authority's Water System. These water systems were accepted by the Authority in "as is" condition and (subject to any contract obligations) all future maintenance, repair and upgrade expenses became the obligations of the Authority, and not the obligations of the Contracting Parties or the third party served by contract. In connection therewith, on February 25, 2015 the District adopted a resolution terminating collection of future water tap fees by the District (except for tap fees for properties on Arrowhead Mountain which will continue until the District's 2011 bonds are paid off; current maturity is December 1, 2031).

**Arrowhead Metropolitan District  
Notes to the Financial Statements  
December 31, 2021  
(Continued)**

**V. Intergovernmental Agreements (continued)**

**A. Upper Eagle Regional Water Authority (continued)**

The Contracting Parties have leased and/or conveyed to the Authority all of the Contracting Parties' right, title and interests in and to the Contracting Parties' water rights, including the right to use all diversion ditches, pipelines, headgates and structures, reservoirs or other storage structures, pumps, casings, and other improvements and easements associated or used in connection with the water rights, for the Authority's use in carrying out its functions and providing water service.

A summary of audited financial information for the Authority as of and for the year ended December 31, 2020 (the latest audited information available) is as follows:

<b>Upper Eagle Regional Water Authority</b>	
<b>Assets:</b>

**VI. Developer Contracts**

**A. Vail Resorts**

Vail Resorts ("VR") was the primary developer within the District. Effective January 1, 2004, the District entered into an Operations Agreement with VR to perform operations and maintenance services for the District's road improvements. This agreement was effective through December 31, 2017.

**Arrowhead Metropolitan District**  
**Notes to the Financial Statements**  
**December 31, 2021**  
**(Continued)**

**VI. Developer Contracts (continued)**

**A. Vail Resorts (continued)**

Effective January 1, 2018, the District entered into a new Operations Agreement with VR to perform operations and maintenance services for the District's road improvements. This agreement is effective through December 31, 2018, and automatically renews for two separate successive periods of one year each.

Effective January 1, 2021, the District entered into the first amendment to the new Operations Agreement with VR to perform operations and maintenance services for the District's road improvements. This agreement is effective through December 31, 2021, and automatically renews for five separate successive periods of one year each.

The District is to reimburse VR for costs related to these services. In connection with this agreement, the District also signed a Lease Agreement for the use of a maintenance facility owned by Vail Resorts Development Co., a subsidiary of VR. The Lease Agreement required monthly lease payments of \$4,366.87 through the year. Annual increases in future years will be based on the Consumer Price Index – All Urban Consumers for the Denver-Boulder area.

Costs incurred during 2021 under the terms of the Operations Agreement and Lease Agreements amounted to \$245,786 and \$50,496, respectively.

The District also contracts with VR to operate the District's transportation system. During 2021, the District paid VR \$226,271 for transportation services.

The District owed VR \$69,667 at December 31, 2021.
